GOVERNMENT OF BOMBAY.

GENERAL DEPARTMENT.

Resolution No. P. 55.

Bombay Castle, 25th March 1937.

Read the reports from the Commissioners of Divisions and the Revenue Commissioner for Sind on the working of the municipalities and notified areas in the Bombay Presidency including Sind for the year 1935-36.

RESOLUTION.

PART I.

Summary.

Number and area.—The total number of municipalities in the Bombay Presidency including Sind at the close of the year under report remained the same as in the previous year, viz. 154. Of these, thirty were governed by the Bombay Municipal Boroughs Act, 1925, and the rest by the Bombay District Municipal Act, 1901. Of the latter, seven, viz. Godhra, Viramgam, Yeola, Malegaon, Barsi, Bagalkot and Guledgud were City municipalities constituted under section 181 of the Act. A new municipality was established during the year at Dhond in the Poona district of the Central division but it had not commenced to function before the end of the year under report. The number of notified areas (exclusive of those which merely exist for the purpose of enforcing building regulations and do not levy taxes) were six in the Bombay Suburban district, one each in the Poona and Satara districts of the Central division and five in the Southern division. The notified area of Ambernath which was formerly in the Bombay Suburban district was transferred to the Thana district during the year under report.

2. *Change in the population and boundaries.*—The total population resident within municipal areas was 30,40,491 as against 29,88,328 in the preceding year. An increase of about 52,211 has been recorded by the Surat municipality as a result of a fresh census taken in April 1935. The boundaries of all the municipalities remained unchanged during the year under report.

3. *Constitution of municipalities.*—In the Northern division the constitution of all the municipalities remained unchanged in the year under report. The affairs of the Kurla municipality in the Bombay Suburban district, continued to be managed by the Administrator appointed by the Commissioner under section 219 (2) (*b*) of the Bombay Municipal Boroughs Act, 1925, Triennial elections were held during the year at Prantij, Dhandhuka, Nadiad, Bulsar, Rander, Thana and Ghatkopar-Kirol. Voters are said to have displayed keen interest at these elections.

In the Central division, the following changes were made in the constitution of the municipalities of Chalisgaon, Shirpur and Bhagur. At Chalisgaon the number of elected seats was raised by one which was allotted to the depressed classes. Owing to the incapacity of the Shirpur municipality to administer its affairs properly, its constitution was changed with effect from the 1st April 1935 by reducing the number of elected councillors from 16 to 4 and increasing the number of nominated councillors from 4 to 8 with the mamlatdar as ex-officio president. The Bhagur municipality which consisted of 6 elected and 7 nominated members was reconstituted under section 14 (1) (*b*) of the Act from the 15th October 1935 so as to consist of 13 nominated councillors. Triennial elections were held for 10 municipalities during the year as against 32 in the preceding year. By-elections were held in the case of 12 municipalities.

In the Southern division, the superseded municipality of Navalgund, was reconstituted with 6 elected and 6 nominated councillors. The period of supersession of the Kumta municipality which had been extended to 31st July 1936, was subsequently curtailed to 31st March 1936. The Gokak municipality which was found to have defaulted in the performance of its duties was at last superseded for a period of two years and a committee of management was appointed to carry on its affairs. Triennial elections were held in ten municipalities and the voting was brisk in all cases except in Guledgud. By-elections were also held in eight municipalities.

In Sind there was no change in the constitution of municipalities. Triennial elections were held during the year at Tatta, Manjhand, Sehwan and Garhi-Yasin. The Shikarpur municipality continued to be under suspension during the year.

A consolidated statement showing the number of voters who exercised the franchise at the general elections in the Presidency proper and Sind, is appended.

4. *Attendance at municipal meetings.*—The number of meetings held during the year was 3,864 as against 3,904 in the previous year; but the average percentage of attendance at the meetings increased from 62·49 to 65·12.

5. *Changes in the system of taxation—Property taxes.*—The increase in the rate of house tax sanctioned in 1934 was brought into force during the year by the Manmad municipality in the Central division. In the Southern division the Bijapur, Kumta and Panvel municipalities revised their house tax rules and schedules. In Sind the Larkana municipality introduced a drainage tax which is in the form of a tax on houses and lands.

Octroi.—The Sholapur and Satara City municipalities in the Central division and the Haliyal municipality in the Southern division revised their octroi schedules with a view to realise more income. The Saundatti-Yellamma municipality in the Southern division and the Dadu municipality in Sind introduced the levy of octroi for the first time.

Terminal tax.—The Karwar municipality levied terminal tax in lieu of octroi. The Larkana, Sukkur, Garhi-Yasin and Ghotki municipalities revised their terminal tax schedules. Government suspended the levy of terminal tax by the Thana municipality on goods in transit passing along through provincial roads.

Water rate.—The Jalgaon, Satara City, Sholapur and Bijapur municipalities revised their water rates.

Sanitary cess.—The Pandharpur municipality levied a general sanitary cess on all houses and properties in order to make its sanitary service self-supporting. The Bijapur municipality revised the rates of its general sanitary cess whereas the Amalner, Chopda, Raver, Manmad, Vile Parle, Nipani, Chiplun and Rohri municipalities revised their rates of special sanitary cess.

Conveyance tax and tolls.—The Faizpur and Nandgaon municipalities imposed a wheel tax on motor vehicles. The Vile Parle and the Manjhand municipalities introduced the levy of wheel tax. The Amalner, Bijapur, Haliyal and Chiplun municipalities revised their schedules of wheel tax and toll. The Kumta municipality granted exemption to carts fitted with pneumatic tyres from the payment of wheel tax.

Other miscellaneous taxes.—The levy of ground rent by the Bhusaval municipality was declared illegal by the High Court and its recovery was accordingly stopped. The Raver municipality imposed fees for the use of the municipal motor stand. The Nipani municipality introduced a lighting tax. The Hubli municipality imposed license fees on certain offensive trades such as tanning and dyeing. The Juhu municipality began to levy a special tax on tents, huts and other temporary structures with effect from the 1st April 1935.

6. *Municipal income.*—The aggregate gross income of the municipalities fell from Rs. 4,00 lakhs to 3,87 lakhs. Deducting receipts under "extraordinary and debt" the net income amounted to Rs. 2,22½ lakhs against Rs. 222¾ lakhs in the previous year.

(*a*) *Octroi and terminal tax receipts.*—There was an increase of about Rs. 83,000 under this head, which is shared by the Central and Northern divisions and Sind. The Southern division showed a decrease of Rs. 59,000. The increase was generally attributed to improved trade conditions, better supervision over the collecting staff and the imposition of octroi and terminal tax on many new articles. In the Southern division, a decrease of Rs. 51,000 occurred in the Dharwar district and was due to smaller imports resulting from the partial failure of crops and general depression in trade.

(*b*) *Taxes on houses and lands.*—The receipts under this head showed a net decrease of about Rs. 4,000 which was shared by Sind and the Central division. In the latter division the Poona City municipality was mainly responsible for a decrease of Rs. 30,000 due to past arrears not being recovered during the year.

(*c*) *Water rates.*—The receipts under this head showed a decrease of about Rs. 61,000, the Ahmedabad municipality in the Northern division being mainly responsible for the fall.

(*d*) *Revenue derived from municipal property.*—Under this head there was an increase of about Rs. 1,33,000, which was shared by the Central division (Rs. 1,01,000), the Southern division (Rs. 39,000) and Sind (Rs. 20,000). The Northern division showed a decrease of about Rs. 27,000.

(*e*) *Grants and contributions for general and special purposes.*—The receipts under this head, which consist mainly of grants-in-aid by Government to municipalities for the entertainment of health officers and sanitary inspectors, and for medical and educational purposes, amounted to Rs. 15,34,366 as against Rs. 16,56,531 in the previous year. The Northern division and Central division accounted for the decrease (in round figures) of Rs. 86,000 and Rs. 38,000, respectively.

7. *Nature of income and incidence per head of population.*—Of the total income of the municipalities amounting to Rs. 2,22,47,559, Rs. 1,64,97,403 were realised from municipal rents and taxes compared with Rs. 1,63,86,264 in the previous year. Direct taxation yielded Rs. 98,61,045 or 60 per cent. of the total and indirect taxation Rs. 66,36,358 or 40 per cent. The corresponding percentages in the previous year were the same.

The following table shows the average incidence of taxation and income per head of population during the year under report as compared with the previous year in the presidency as a whole and in each of the three divisions and Sind :—

	Incidence of taxation.		Incidence of income.	
	1934-35.	1935-36.	1934-35.	1935-36.
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.
Bombay Presidency (including Sind).	5 7 9	5 6 10	7 7 3	7 5 1
Northern division ...	7 5 8	7 2 10	8 13 6	8 11 1
Central division ...	5 4 3	4 14 7	7 5 4	6 14 6
Southern division ...	3 9 11	3 8 11	4 9 8	4 11 3
Sind ...	3 9 7	4 12 1	6 11 9	8 6 4

8. *Recovery of dues.*—As remarked in previous reviews the collection of taxes has continued to be unsatisfactory in several municipalities. In the majority of cases this was due to unwillingness to resort to the coercive measures provided by law for the recovery of dues and to the inefficiency of the executive and collection staff. The question of finding ways and means for reducing and preventing the accumulation of arrears of municipal taxes was considered by the Commissioners in conference and one of their recommendations was that all Collectors should insist on the submission of certain periodical reports by municipalities showing the steps that have been taken at different stages for the recovery of their dues. Government have accepted this recommendation

and have directed that Collectors should require borough municipalities under section 213 (2) (*a*) of the Bombay Municipal Boroughs Act and district municipalities under section 173 (1) (*b*) of the District Municipal Act, whose uncollected arrears at the end of any official year amount to more than 15 per cent. and 25 per cent. respectively to submit certain progress reports on prescribed dates. It is hoped that the submission of these reports will result in a substantial improvement in collection work in the near future. It will at least enable Government to watch more closely the actual progress of municipal taxation throughout the year.

The total amount of arrears of taxes and dues in all the municipalities of the Presidency including Sind at the end of the year was about Rs. 26·38 lakhs, i.e. an increase of about 1·35 lakhs in the figures of the preceding year.

In the Northern division arrears particularly increased in the Ahmedabad, Anand, Nadiad, Dohad, Rander, Bandra, Ghatkopar-Kirol, Vile Parle and Juhu municipalities. The municipalities of Viramgam, Modasa, Sanand, Umreth, Borsad, Dakor, Mehmedabad, Nadiad, Godhra, Dohad, Rander and all the municipalities of the Thana and Bombay Suburban districts had also heavy arrears at the close of the year. The heavy arrears at Ahmedabad (Rs. 6,86,223) were to a great extent due to delay in the disposal of objection petitions from mills and factories. The state of collection work at Godhra and Rander is deplorable. There was a welcome decrease in the arrears at Kurla due to the energetic measures adopted by the Administrator.

In the Central division the outstandings on account of the important direct taxes, viz., house tax, conservancy cess, wheel tax and water rate at the end of the year amounted to Rs. 7,67,902. The outstandings in the Poona City municipality are reported to be due to several items having been brought on the assessment register as arrears at the suggestion of the auditors. The Sholapur and Amalner municipalities showed appreciable progress in collection work, the arrears at Sholapur representing only 6·6 per cent of the total demand.

In the Southern division the municipalities had to recover in all Rs. 13,05,931 including the arrears of previous years amounting to Rs. 4,00,615. Out of the total dues, Rs. 8,93,560 were recovered, leaving a balance of Rs. 4,08,592 or 31·28 per cent. of the total demand outstanding. Though efforts were made by several municipalities towards the reduction of the arrears, arrears were still heavy in the case of the Gokak, Bail-Hongal, Guledgud, Bijapur, Dharwar, Byadgi, Hubli, Gadag-Betgeri, Haveri, Dharwar, Kumta, Honavar, Gokarn, Haliyal, Karwar, Bhatkal, Roha-Ashtami, Uran, Malwan and Vengurla municipalities.

In Sind the work of collection of taxes showed some improvement inasmuch as the total arrears at the close of the year under report were Rs. 74,430 as against Rs. 93,698 on the 31st March 1935.

9. *Working of octroi and terminal tax systems.*—In the Northern division the municipalities of Dholka, Viramgam, Ranpur, Surat and Bassein continued to levy octroi. Eighteen municipalities including the Bandra municipality imposed terminal tax. Out of the gross collections of Rs. 4,94,705 from octroi, a sum of Rs. 1,47,342 was refunded on account of goods re-exported from municipal limits, as against Rs. 1,66,921 in the preceding year. The Surat municipality alone was again responsible for the major portion of the refund, its share amounting to Rs. 1,46,883.

In the Central division the octroi system was in force in 34 municipalities while nine municipalities levied terminal tax. Karad is still the only municipality which levies octroi as well as terminal tax. The gross octroi collections amounted to Rs. 17,16,710, the net income being Rs. 16,41,605. The percentage of refunds in respect of re-exported goods was 4·4 as against 6·1 in the previous year.

In the Southern division the octroi system was in force in 22 municipalities, while 12 municipalities levied terminal tax. The gross receipts from octroi amounted to Rs. 6,20,161 of which Rs. 21,626 were refunded on account of the re-export of goods, the percentage of refunds being 3·49 as against 2·51 in the previous year.

In Sind the system of terminal tax was in force in 15 municipalities. The remaining municipalities levied octroi. Hyderabad is still the only municipality which levies terminal tax as well as octroi.

10. *Expenditure.*—The total expenditure of the municipalities during the year was Rs. 3,82,72,000 as against Rs. 3,97,49,000 in the previous year. Excluding the item "extraordinary and debt", the expenditure amounted to Rs. 2,14,76,000 as against Rs. 2,12,23,000 in the preceding year.

(*a*) *Water supply.*—The total expenditure on water supply increased by about Rs. 15,000 mainly under establishment, repairs, etc.

(*b*) *Drainage.*—The expenditure under this head decreased by about Rs. 6,000.

(*c*) *Conservancy.*—The expenditure under this head which represents money spent on road cleaning and watering and on public latrines, but excludes expenditure on special sanitary services amounted to Rs. 30,55,500 as against Rs. 24,43,000 in the previous year.

(*d*) *Hospitals and dispensaries.*—The following 28 municipalities failed to spend on medical relief the minimum 4 per cent. of their expenditure as enjoined by Government :—

> Ahmednagar, Amalner, Jalgaon, Dhulia, Betawad, Nasik, Bhagur, Manmad, Poona City, Satara City, Satara Suburban and Vita in the Central division ; Bijapur, Nipani, Belgaum and Dharwar in the Southern division ; Godhra, Kaira, Bandra, Kurla, Vile Parle, Juhu, Broach, Dohad and Surat in the Northern division, and the Larkana, Tando Adam and Rohri in Sind.

(*e*) *Road expenditure.*—The expenditure on roads amounted to Rs. 19,64,000 against Rs. 17,51,000 in the previous year. Sind and the Northern division accounted for increases of Rs. 1,58,000 and Rs. 96,000, respectively, which were slightly counterbalanced by decreases in the Central division (Rs. 53,000) and in the Southern division (Rs. 10,000).

In the Northern division the Ahmedabad and Surat municipalities contributed to the increase. The Surat municipality undertook an extensive programme of roads in the year and spent about Rs. 2,45,500 for this purpose. Thirteen municipalities in this division however failed to observe the principle of devoting the whole of the proceeds from wheel-tax and tolls to the construction and maintenance of roads.

In the Central division the total expenditure on roads amounted to Rs. 5,29,500, which was in excess of the total income derived from the wheel-tax and road tolls which amounted to Rs. 3,24,000. Twenty-two municipalities in this division, however, spent on roads much less than the income derived from these taxes.

In the Southern division the expenditure on roads amounted to Rs. 2,10,000. Twenty-one municipalities did not spend their whole income from wheel-tax and tolls on the construction and maintenance of roads, some of these bodies merging their road fund balance in the general balances.

In Sind the Hyderabad municipality accounted for the largest amount of the total expenditure on roads which was Rs. 4,26,000. In Shikarpur the street pavement was renewed at a cost of Rs. 53,000. The Larkana municipality failed to utilise its whole income from tolls and wheel-tax for expenditure on roads.

(*f*) *Public instruction.*—The total expenditure under this head amounted to Rs. 45,46,000 as against Rs. 45,44,000 in the preceding year.

11. *Closing balance.*—The aggregate closing balance of all the municipalities in the Presidency including Sind amounted to Rs. 63,39,000 as against Rs. 58,59,000 in the previous year.

12. *Financial working of water supply installations.*—In the Northern division the income of the Ahmedabad municipality from the water rate fell from Rs. 16,64,917 in the previous year to Rs. 15,14,884 in the year under report. The decrease was due to the fact that the bills for the amounts due from mills could not be issued in the year under report owing to certain

objections raised by them. Out of the total income, Rs. 7,76,119 were derived from the general water rate and Rs. 7,38,765 from the direct sale of water. The expenditure including interest, sinking fund and depreciation charges amounted to Rs. 4,66,675 as against Rs. 4,89,082 in the preceding year. The Ahmedabad water-works thus showed a profit of Rs. 10,48,209 as against a profit of Rs. 11,75,835 in the previous year. The working of the water supply installation at Surat showed a net profit of Rs. 1,72,537 as against Rs. 1,78,051 in the previous year. The water supply accounts of the Kapadvanj, Rander, Bandra, Thana and Bhiwandi municipalities also showed a profit during the year.

In the Central division the water works at Ahmednagar, Dhulia, Nasik, Trimbak, Satara City, Karad, Vita and Barsi yielded a profit while those at Sirur were run at a loss. At Jalgaon there are two systems of water supply—the Girna water works and the Meharun Tank supply. The former worked at a profit, while the latter showed a loss.

In the Southern division the water works at Dharwar, Pen, Roha-Ashtami, Matheran and Panvel showed a profit, whilst those at Bijapur, Hubli, Alibag and Nipani worked at a loss. The Dharwar water works are reported to be in an inefficient state and the municipality will at no distant date have to spend a large amount on renewals and replacements. Government hope that municipalities will realise the importance of crediting annually out of profits sufficient amounts to a separate reserve fund for depreciation charges so as to build up the capital required for renewals and replacements. The necessity of doing this was recently brought to the notice of several municipalities at the instance of the Consulting Public Health Engineer to Government.

In Sind the water works at Hyderabad and Sukkur are shown to have worked at a profit. The accounts of the Sukkur water works do not however represent the true state of affairs since the municipality credits 50 per cent. of its income from house tax, and the collections of terminal tax (on all grains except wheat) to its water works accounts. But for these appropriations, the water works would have shown a loss.

13. *Audit of accounts.*—No appreciable improvement was noticed in respect of the following items to which audit is chiefly confined :—

(*i*) prompt disposal of audit notes and ready adoption of the suggestions made therein,

(*ii*) prompt recovery of municipal dues and taking resort to compulsory processses in the case of defaulters,

(*iii*) periodical revision of assessment lists,

(*iv*) adequate supervision over the administration of public funds,

(*v*) strict observance of rules, by-laws and standing orders for safeguarding the municipal revenue. It is disheartening to find that the majority of municipalities in this Presidency and Sind do not yet realise the importance of setting right irregularities without delay in spite of the fact that the principal defects of their financial administration are being pointed out to them by the auditors and local officers year after year.

In the Northern division audit disclosed cases of misappropriations and defalcations in the accounts of the Viramgam, Surat, Rander, Bhiwandi, Juhu and Bandra municipalities. The municipalities of Dhandhuka, Nadiad, Dohad, Rander, Kapadwanj, Borsad, Umreth and Dakor have been called upon to take suitable measures to improve their financial resources or to effect economy in the required directions.

In the Central division, the Lonavla, Poona City, Alandi and Jejuri municipalities were again dilatory in the disposal of audit objections in spite of repeated warnings. The audit of accounts of the municipalities of Nasik, Poona City and Pandharpur revealed misappropriations of funds and serious financial irregularities.

In the Southern division, the cases of embezzlements and short credits in respect of cattle pound receipts of the Gadag-Betgeri municipality which were

noticed in the previous year's report are still under investigation. Two more cases of misappropriation by clerks came to light and the offenders were prosecuted and convicted.

In Sind no serious irregularities or embezzlements were detected during the year under report.

14. *Grants for sanitary and town improvement schemes.*—The majority of municipalities are alive to the needs of efficient water supply and drainage but are generally prevented from embarking on such schemes owing to lack of funds. In the year under report as in the previous year, financial stringency prevented Government from giving much substantial assistance to municipalities in this direction.

Part II.

Remarks regarding more important municipalities.

15. *Ahmedabad.*—The Ahmedabad municipality had to its credit another year of financial stability and progressive work. The financial position of the municipality was so strong that it was able to meet from its general revenues the extraordinary expenditure of Rs. 14½ lakhs towards repayment of loans. The work of recovery of dues was also satisfactory.

The work of improvement of roads is progressing steadily in Ahmedabad city; asphalt treatment was given during the year to 13 roads totalling 22,147 feet in length. The municipality now possesses a length of about 40 miles of dustless roads.

Public health was on the whole good and no epidemic in a serious form visited the City. The water supply was also satisfactory and there was no complaint regarding shortage during the year. The municipality has undertaken the suburban drainage scheme at a total cost of about Rs. 45½ lakhs. The fact that the municipality invited experts to advise it on the question of the best method to be adopted in the disposal of sewage shows that it is keen to improve the present unsatisfactory method of disposal.

Surat.—The financial administration of this municipality was above criticism. It had no loans to repay and no debt to redeem while the recovery of arrears showed good progress during the year. Government note with satisfaction that the municipality is making substantial progress towards improvement of roads and the extension of electric street lighting to the remaining parts of the city. The chief problems which engaged the attention of the municipality during the year, were (1) the necessity of securing increased pressure in the existing water mains, and (2) the launching of a drainage scheme. The proposed scheme of a sewage outfall into the Mindhola river was dropped and the municipality is now considering the alternative scheme of a sewage farm to the east of the City.

The municipality has adopted an excellent plan of providing one new school building every year.

Poona City.—Government regret to observe that the financial administration of this municipality during the year was of a retrograde nature. In order to enable it to meet its loan obligations and to expand its public activities at the same time it is necessary that this body should seriously consider the question of expanding its revenues by a slight increase in its taxation for which there is considerable scope. The increase in the arrears of taxes was also a disquieting feature of the year and it is hoped that the municipality will take urgent steps to effect improvement in this direction.

Government view with concern the high rate of infant mortality in Poona City but they are glad to note that the municipality has already realised its responsibilities in this matter.

It is regrettable to note once more that this leading municipality in the Deccan spent less than 4 per cent. of its total income on medical relief.

Sholapur.—The record of municipal administration continued to be satisfactory. Good progress has been made in asphalting roads and in solving the problem of housing the depressed classes. The municipality has also under consideration a new water supply project to supplement the present supply from the Ekruk tank.

Hyderabad.—The Hyderabad municipality has improved its financial position to some extent and there are signs of further improvement. The municipality has however so far failed to introduce direct taxation, in spite of repeated advice to the contrary. It seems very desirable that the municipality should consider the question of tapping the resources which are within its reach in order to obtain funds for the important schemes of water filtration and underground drainage which have been under contemplation for some time.

PART III.

General Remarks.

16. The Commissioner, Central division (Mr. Smyth), who states that he has been away from municipal administration for several years, remarks of the municipalities in his division :—

" The perusal of the Collectors' reports leads to the conclusion that there has during this period been no real development of a civic sense on the part of councillors of the majority of the boards, and that there exists the same inability to dispose of work promptly, to appoint a strong executive and to leave to it the details of administration, and in the case of the smaller boards to collect arrears. It seems to be the case that the only local bodies which are tolerably efficient are those in which the president is a man of marked individuality and has a steady backing in the board. In most cases a party spirit is rife and the interests of the municipal taxpayers are not always the first consideration."

Although Government would not go so far as to assert that there has in the recent past been no development of a civic sense on the part of councillors on the majority of the boards, they must reluctantly admit that progress during the last decade in municipal administration, particularly in the case of the smaller boards in the Central division, which contains the greatest number of municipalities in the Presidency, has been very disappointing.

In the case of the two other Presidency divisions and Sind also, Government cannot do better than quote from the general remarks made by the Commissioners, Northern division and Southern division, and the Revenue Commissioner in Sind, because, in their opinion, these remarks present a true picture of municipal administration in the areas in question during the year under report.

The Commissioner, Northern division (Mr. Collins) says :—

" Although the year has been generally one of steady progress, there is still an aversion on the part of almost all municipalities, except Ahmedabad, to face the larger issues which involve an increase of taxation and punctual collection of dues. The majority of councillors regard their position as one of prestige which has to be held without giving any cause to court unpopularity. As the Collector of Kaira remarks the administration is conducted along the lines of least resistance ..... Except for a few notable instances ..... party spirit has shown a tendency to disappear after the election of the president, but it has one regrettable feature which is common to almost all the municipalities. The committees and sub-committees in which the real work is carried on are composed in almost every case entirely of the majority party which elected the president and the other members have no chance of election. There is thus a great contrast between the local self-governing bodies in India and those of England and other Western countries where every member irrespective of parties and politics is given the chance of doing some useful work on one of the sub-committees. Here the minority councillors have no scope except to speak and vote at the general meetings ".

The Commissioner, Southern division (Mr. Madan) says :—

" There was no new scheme of town improvement or public utility. The day-to-day administration was therefore a routine affair and consequently the interest shown by the members in civic affairs marks a decline..... With the exception of a few municipalities, such as Ilkal, Chiplun and Matheran, the majority of the municipalities are barely able to make both ends meet. Their position is serious on account of the present depression and the accumulation of arrears. The arrears are assuming very large proportions ..... The present day economic depression which has reduced the earning capacity of the people is advanced to explain the existence of the arrears, but the real reason appears to be the failure to adopt timely and adequate measures to recover the dues .... Adequate water supply, efficient drainage, good roads and lights are the principal needs of a number of municipalities. Paucity of funds to finance such works is a general complaint but the municipalites are as a rule averse to additional taxation with the result that the residents of municipal areas have to content themselves with the primitive form of municipal service ".

The Revenue Commissioner in Sind (Mr. Gibson) says :—

" The municipalities continued to hold themselves aloof from political movements and did not exhibit any tendency to go outside the sphere assigned to them in the Municipal Acts or to allow their administration to be warped unduly by political considerations. However, the spirit of party faction and communal intrigue continued. Almost every attempt to grapple with the more serious problems of local self-government is side-tracked into a communal or party issue. The Revenue Commissioner regrets he is unable to notice any improvement in this unwelcome and regrettable state of affairs ".

17. Government feel that the Commissioner, Central division, has laid his finger on one of the main defects of municipal administration in this presidency when he points out that the boards failed " to appoint a strong executive and to leave to it the details of administration". It is perfectly legitimate for the elected majority of a particular municipality to lay down the lines of policy to be followed during its term of office; but once that has been done, it is essential, in the interests of good administration, that the municipal executive should be left to carry out that policy without unnecessary interference from individual councillors belonging to the party in power. The bane of local self-government in this presidency is that there is constant interference by elected representatives even in the day-to-day administration of local affairs, with the result that it is often almost impossible to expect the healthy development of a strong and independent executive staff which can act without fear or favour.

18. A disappointing feature of the year under report was the fact that as many as 28 municipalities in the presidency and Sind failed to spend even 4 per cent. of their total expenditure on medical relief. This number includes important headquarter municipalities like those of Ahmednagar, Bandra, Belgaum, Bijapur, Broach, Dharwar, Dhulia, Godhra, Jalgaon, Larkana, Nasik, Poona City, Satara City and Suburban and Surat. Government are of opinion that there is no excuse for the failure of a municipality like Bandra to provide more money for one of its most important obligatory duties like medical relief when it can afford to spend so large a sum as half a lakh of rupees on a new municipal hall.

Some of the municipalities in the presidency appear to be under the erroneous impression that it is the business of Government primarily to promote medical relief and public health in their areas. The correct position however is that medical relief and public health are obligatory responsibilities laid upon all municipalities by statute, and that Government can, at the most, render only auxiliary support. Thus if a municipality has within its area localities infected with plague it is its obligatory duty to spend as much as it possibly can on anti-plague measures even at the expense of other things, many of which fall under heads of expenditure which are purely discretionary.

19. Though the remarks contained in the above paragraphs make discouraging reading, Government have no desire to conclude their report on a note of pessimism. They are glad to be able to endorse the commendation bestowed by the Commissioner, Northern division, on the Ahmedabad municipality for maintaining its financial stability and for its progressive administration. Although there have been occasions when certain acts and proposals of this municipality had to be criticised, its record of public work has on the whole been praiseworthy. Government also note with satisfaction the good work done during the year by the Sholapur and Surat municipalities.

Government hope that the example of sound and progressive administration set by these three municipalities will be followed by other boards in the presidency and that the advent of provincial autonomy on 1st April will act as an impetus to local bodies in general, and municipalities in particular, to strengthen their financial position and to administer their affairs in a spirit of public service as opposed to a spirit of party faction and communal intrigue.

20. Government have great pleasure in acknowledging the valuable services rendered by certain non-official presidents who have been singled out for praise by the Collectors and Commissioners concerned. Government would also like to convey to the Commissioners and Collectors and to their officers of the other departments, particularly the Public Health department, their appreciation of the ready help and advice given by these officers to the municipalities whenever required.

By order of the Government of Bombay
(Transferred Departments),

H. T. SORLEY,
Secretary to Government.

G. R. No. P. 55, G. D., dated the 25th March 1937.

To

The Commissioners of Divisions,

GOVERNMENT OF BOMBAY.

GENERAL DEPARTMENT.

Corrigendum No. P. 55.

Bombay Castle, 22nd May 1937.

CORRIGENDUM.

Delete the asterisk shown against the Nipani Municipality at serial No. 93 on page 4 of Statement No. I showing the constitution and working of municipalities in the Bombay Presidency during the year 1935-36, appended to Government Resolution, No. P. 55, dated the 25th March 1937, reviewing the Reports on Municipal Taxation and Expenditure in the Bombay Presidency (including Sind) for the year 1935-36 and place it instead against the Gokak Municipality at serial No. 95 on the same page of the same Statement.

By order of the Governor of Bombay,

V. V. NADKARNI,
Assistant Secretary to Government.

To

* The total balance at the close of the last year was Rs. 6,534. It was made up of a cash balance of Rs. 6,122 and deposits of Rs. 412. As these deposits were invested in Government securities and cash certificates, it was pointed out in audit that they should be shown separately as investments. Hence the opening balance has been reduced by Rs. 412.

* The difference in the opening balance of this year and the closing balance of the last year is due to the fact that the deposits in the Central Co-operative Bank, Bijapur (Rs. 10,000) and the purchase of Postal Cash Certificates worth Rs. 7,500 were not included in the balance of the previous year.

† Includes Rs. 1,829 representing draw back on refunds allowed.

* Incidence is exclusive of Rs. 40,200 shown in details in other items on the remarks.

† The closing actual balance as shown in the last year's report would be 952 and not 14,027 as shown now. The President, Kotri Municipality explains that figures of Provident Fund, Reserve fund and deposits were not included in that figure and that there have now been included in the figure shown this year in accordance with the instructions of Government Auditor who has made such remark in the audit note of 1934-35.

Details of Deposits—

	Rs.
Deposits in Treasury	618
Deposits in Savings Bank ...	1,535
Deposit payable	2,153
Advances recoverable	−3,131
Savings Bank	13,252
Cash Certificates	14,108
	27,360
Provident Fund	27,360
Drainage Department	7,244
Total ...	33,626
Cash in Treasury	41,171
Deduct	
Portion of deposits	618
Drainage	7,244
	7,862
Add—	
Advances Recoverable	3,131
Actual Balance	36,440
	70,066

NOTE :—In the last year's accounts Rs. 307 being the sale proceeds of lands were also shown in the drainage deposits and Rs 57 on account of expenditure incurred on the drainage were not shown under that head but were shown under the head of miscellaneous items. Thus the last year's closing balance and this year's opening balance on account of Drainage Deposits ought to be not Rs. 7,608 but Rs. 7,608 *minus* Rs. 364 (57+307)=7,244.

DETAILS OF OTHER ITEMS.

Items.	Amount. Rs. a. p.
Tando Adam Municipality.	
1. Copying fee	17 15 6

It must be clearly understood that under these heads only such general charges are to be shown as cannot be properly shown under any of the other heads. Whenever establishment is employed, or works are constructed for a particular purpose only, the charge should be shown under the head to which that purpose belongs and not under these heads.
